SECRETARY'S REPORT.

The thirty-seventh Annual Cattle Show and Fair of the Nantucket Agricultural Society was held September 7 and 8, 1892, and we were favored with exceptionally good weather both days, which is of the greatest importance to us. The season just closed has been in many respects a very poor one for the farmers, a drouth beginning early and lasting nearly the whole season, being very disastrous to them.

The display of vegetables, which was necessarily small, was remarked on by many as being very good for the season.

The exhibition of stock at the Grounds, as in previous years, was very good, and was so remarked on by our delegate from the State Board, who made much favorable comment on the same.

The show of horses, though not quite as large as last year, was of very good stock, and was well worthy of careful attention. That our farmers have given more attention to the raising of horses in the past few years, and in their selection for breeding purposes, is plainly evident from the fine samples of colts that are placed on exhibition at each succeeding Fair; and in the line of cattle, much attention is also given, as is perceptible to any one who visits our Fair each year. Our farmers seem trying to outdo each other in the raising of horses and cattle, and such competition is sure to be very beneficial to the general interests of our island at large.

There is one line of articles in which the exhibit never seems to lag, and that is the line of Fancy Work, which is exhibited by the ladies, and I will wager that it cannot be beaten in any part of the country. It is a special feature and should be encouraged in every way possible.

This year we have been able to supply a long-felt want—that of erecting a spacious Grand Stand at the Grounds—and it is certainly a great addition. At the present writing we are making extensive repairs to our racing track, and expect ere another year rolls around to have a track that we can open to the public, which will certainly draw competitors to our Fair from abroad in larger numbers than in previous years. The ball, which was the closing feature in the programme, was very well attended and was a success both socially and financially.

The Society would again thank those who in any way tendered to make this, our thirty-seventh Annual Fair, a success. We have held three institutes, as advertised, and expect to hold more. The different subjects have been, "Cranberry Culture," "Dairy Farming," and "Horses and Poultry."

And thus another year has rolled by, and another Agricultural Fair has gone on the history of the past as successful. May we hope for a continuance of the same.

J. F. MURPHEY, Secretary.

SECOND.—Competitors must be the owners of the animals offered. All fruits and vegetables must be raised by the person presenting them.

FOURTH.—No animal or article will be entitled to a premium, which is removed by the owner without permission of the Committee of Arrangements.

SIXTH.—Upon application to the Secretary, the Committee on Crops will visit any farm, field or crops entered for a premium. All entries must be made on or before August 1st.

SEVENTH.—It will be optional with the various committees to award a premium or not, as the thing entered for it may in their judgment deserve, whether there is competition or not.

EIGHTH.—No person receiving a premium for a collection of animals, vegetables or articles, is entitled to a premium for any single article in said collection at the same exhibition. This rule shall not apply to horses.

NINTH.—All premiums awarded and not called for within fifteen days will be added to the capital stock of the Society.

TENTH.—Any person may become a member of this Society by signing the constitution, and if a male paying to the Treasurer \$2, and if a female, \$1.

ELEVENTH.—Every person entering for plowing will be required to hold the plow.

TWELFTH.—All neat stock and horses should be kept in the county at least two months next preceding the exhibition, and all male breeding stock nine months, either before and after or before or after the exhibition.

TWENTY-FIRST.—If amount of premiums exceeds bounty offered by the State, viz., \$600, each person drawing a premium shall be paid pro rata.

PARTICULAR NOTICE TO JUDGES.

Judges are requested to be prompt at the place of meeting, and to make themselves acquainted with their associates without any hesitation. They should make themselves familiar with the details of the Arrangements and List of Premiums, and each member shall have a copy of the same in hand during the exhibition, for reference. They should render all the aid in their power in diffusing information and inciting competition, as the success of the exhibition depends, in a great measure, on the manner in which they discharge their duties.

The Judges may fill a vacancy occurring in their number, and members may act if the number cannot be conveniently filled.

No claimant for a premium can act as Judge upon the subject for which he makes his claim.

The Chairman of every board of Judges is expected and particularly requested by the officers and rules of the Society, to make a full report in writing of whatever comes under the notice of the board on which he serves, and send the same to the Secretary of the Society as soon after the exhibition as possible, *but certainly within thirty days*, so that the same may be printed in the Transactions without too much delay. Reports of all classes on exhibition are very much desired, and it is hoped that this year the Judges will see that this important suggestion is attended to.
